Dearest one

My name is Mrs.Mariam Hana Dauda I am 63 years old, I am a dying woman who have decided to donate what I have to you/ motherless babies/less privileged/widows.I was diagnosed for cancer for about 2 years ago. I have been touched by God to donate from what I have inherited from my late husband to you for good work of God. I have asked God to forgive me and believe he has because he is a merciful God. I will be going in for an operation on Monday.I decided to WILL/donate the sum of 7.7 million dollars to you for the good work of God, and also to help the motherless and less privilege and also for the assistance of the widows. At the moment I cannot take any telephone calls right now due to the fact that my relatives (That have squandered the funds I gave them for this purpose before) are around me and my health status also.

I have adjusted my WILL and my lawyer is aware. I wish you all the best and may the good God bless you abundantly, and please use the Funds judiciously and always extend the good work to others. As soon you get back to me, I shall give you info on what I need from you then you will contact the bank and tell them I have willed those properties to you by quoting my personal bank account infos and I have also notified the bank that I am willing that properties to you for a good, effective and prudent work. I know I don't know you but I have been directed to do this by God.reply this email to my confidential email (mrsmariamdauda@yahoo.com)

Thanks and Almighty God bless.

Mrs.Mariam Dauda

Dearest Mariam

(I hope that you are happy to let me call you Mariam and that you are not offended by my impertinence)

I am so sorry to hear of your thunderstorms. That must be very stressful to you given your state of health. I hope you were able to stay dry? Do you have a surge protector on your electrical equipment? I would highly recommend it.

You must be so sad to have lost your husband. Tell me dear, what was his name? Under what circumstances did he depart this mortal coil?

It is extremely reassuring that you are not pulling my legs with this offer. Of course one worries. However, I will tell you that perhaps I worry less than others for three reasons: 1. Because I know that God will strike down with powerful vengeance and fiery pain anyone who will harm me and my friends...2. Because I follow the Almighty Lord How3tt H3rtz (may he be exalted) and his guidance has always shown me the way and 3. Because in fact because actually I have no legs.... I lost my legs due to a Castor oil accident in January 1993.

This disability clearly does cause me some degree of inconvenience but as a resident in the Garden of the Holy Ap3rient I am well supported. I was so fortunate that the supplier of the toxic oil was held to account and I received a sizeable insurance settlement from the company. This pay out has helped me financially support my church and allows me to live a life of relative luxury and so this loss of mobility is tempered by my relative wealth.

Thank you for your blessings to my family. In terms of blood family I sadly remain alone. Myself and my late husband Strainy were not blessed with children. We tried so hard to have children, but despite our frequent and extended passionate interludes, we were not successful. I frequently say that God has a plan and I know now that my childlessness has enabled me to do many things for my Church, the Garden of the Holy Ap3rient. Had I had children I would have been so busy with their discipline that I would have not been able financially support them and of course my leader Lord How3tt H3rtz (may he be exalted). Then of course my leglessness and the Castor Oil accident comes into it too.

I cried another small tear at the sight of your photo. To see you in such pain and discomfort is so sad. I will say how well the colour blue suits you however - you should wear it frequently

Dearest Mariam, I know that you will understand that I would like to know you better before I can send you any more personal information. Being a widow yourself you will appreciate my hesitations. I do know it wont be long before I can share my deepest and darkest and most intimate secrets with you... I feel like you are a friend already.

Holy Psyllium and Best Wishes to you and your family

Holy Blessings of the Aperient.

I am very worried about you. Your recent emails have been very short and you have not been answering the questions that I have asked. Does this mean that you do not want to continue our friendship? I thought our relationship was just beginning. As one widow to another we will be able to share our deepest secrets and share our life stories.

I care for you deeply and I just want to help you.

It did occur to me to ask additionally whether you have everything you need to communicate with me from your hospital bed. Are you using a laptop? Can I help you?

Please write back with your answers to my questions.

I also need to ask you whether this Uhuru Bango man can be trusted.

Holy Psyllium and Blessings on your dying body.

Dear beloved,

I thank you for your mail and the content of your mail was clearly understood. The reason why my email was short is because of the condition of my health in writing at the hospital bed. I have faith and confidence in you that why I contacted you so you need to come forward and follow the instructions of my bank to actualise your transfer successful without any problem. OK. What you need to do is to keep your confidential information since you have decided to help proceed with my bank and Dr Uhuru Bango will help you because he is a personal friend to my late husband. I am using hospital network but that is not worrying me now. The most important thing that we need to do is to apply carefully to the bank with your personal and your bank data to complete your transfer. The bank was complaining that the attachment that you attached your information can not open for them to read and understand so what you are asked to do is to send back your information to the bank immediately in a writeup words and send it without attachment. This is very serious and try to have it done well. Try to call Dr Uhuru on phone for your directions.

Blessings of the Holy Psyllium to you.

I understand that you were unable to open the attachment I sent you. I find this most unsatisfactory, and extremely surprising! I am very hesitant to send you the information in an open email. As a banker and a doctor you should well be aware of the risks in sending such private information in an open email.

Are you not aware of the urgency surrounding Mrs Mariam's condition and rapidly deteriorating health? If someone of your status and educational level is unable to open a simple word document then one would wonder if you are not trying to delay the transfer of her inheritance for your own means?

However, after some prayer and also because you come recommended by Mrs Mariam Dauda, I agree to send the information you require in an open email on the condition that you will send me a copy of your ID. This will go some way to alleviating my concerns about you as a trustworthy individual.

May the Holy Castor and mighty Ap3rient show you to be a just and honest character.

Thank you for your email. I accept your explanation and the ID that you sent through.

Your email is very worrying. Do you think that it is likely that an impersonator would attempt to procure the inheritance? Please outline to me urgently (by return email) what safeguards your bank might have in place to prevent such a terrible and illegal circumstance given that Mrs Mariam Dauda is presenting me as her husband's foreign business partner and rightful heir.

Please find below the details that I attempted to send to you in the attachments that you were unable to open:

My Dearest friend Mariam

Holy Psyllium and Blessings of The Castor to you today!

How is your health? I trust that your pain is managed well and that you are reaching a peaceful state of being before you pass to the pastures of the Holy Ap3rient and enjoy His special attentions.

I do hope you are being treated in a lovely hospital with very professional staff. Please send me the hospital's address so I can send you a gift. I would dearly love to send some flowers and anything else that you may need to make your stay in the hospital most comfortable and these final days enjoyable. Tell me what you need and I can provide it for you.

Mariam, I am reticent to raise this issue, but I have to confess my most deep concern about the conduct of Dr Uhuru Bango. In his most recent email to me he was not totally respectful to me as a widow and a religious woman, in that he said I had not followed the directives of the bank! I certainly did do so, and his inability to open the details I sent was down to his ineptness, as he claimed that I have a different version of the computer system. What sort of computer system are they running there?

Most worryingly he said that he would give the inheritance to someone impersonating me! That would imply very poor security at EcoBank. I have asked him to email me urgently with what precautions he has put in place to prevent this. I will email you the details as soon as he gets back to me.

I know that you have prayed and the Good Lord has directed you to send the money to me - could Mr Bango actually be the devil trying to divert the Holy One's path? Just saying.

I asked for his ID card and apart from his appearing to be a rather fat man, it does appear to be in order.

I do not want to cause you concern at this difficult time, but please reassure me of this man's trustworthiness.

Don't forget to send details of what you need me to send and stay in prayer with the mighty and all powerful one.

Sweetness & Light from the Holy Ap3rient.

Hello Dr/Mr Uhuru Bango
Holy Blessings of the Ap3rient

Your email is received and understood.
This fee is unexpected, but as you may aware from Mrs Dauba I am an independently wealthy widow so the amount is not the issue. I must say I was suspicious as to whether you are trying to delay matters further to enable you to ILLEGALLY pay the money that Mrs Mariam Dauda has bequeathed to me to an impostor by not mentioning this requirement earlier. However, Mrs Mariam has recently counselled me on the matter of FAITH, so having absorbed her deathbed wishes I intend to give you the benefit of the doubt on this occasion.

I would like you to reply at your earliest convenience with the full calculation method for this amount and provide supporting legal documentation. Please do not delay any further for the sake of my beloved Mariam.

Please don't worry yourself in your state of illness with concerns on the bank side. I have decided to work with Mr Uhuru, putting past bad feelings aside. I have asked him for some simple legal documents which I require to be able to release my funds from the Garden of The Holy Ap3rient (did you know of the fee? I do wish you had told me earlier as I could have got the money underway already to facilitate the transfer). Anyway all is going well and I am certain things will be resolved very soon.

I thank you for your mail and the content of your mail was clearly understood. I appreciate on your effort in working together with Dr uhuru bango for the full success of this transfer to your bank account. Thank you so much for you to forgive and forget and let us proceed to the successful end. I said that you should trust Mr uhuru 100% as an experience banker for your convenient banking as a symbol of eco bank ghana limited. I am aware that the bank will ask money for your process but it will not be much and my advice for you is to do what the bank asked you to do for your smooth transfer. As you see my situation at my hospital bed and you can see that I am very close to death. So I will like to know when you will pay what the bank asked you to pay and not delay to let me know immediately that received this money in your bank account. The 7.7m USD is enough for you and the project and with what ever little expenses that might have occurred on the process of transfer the 7.7m USD successful to your bank account.

As a matter of fact I personally do not want anything from you because they are useless for me in my ugly situation but what I and God needed is the successful end of this 7.7m USD in your bank account. There is, here and now, much to appreciate. There is life itself with friends, family, and everything that is naturally before us. We just have to look around and take it in. Thanks so much for your uplifting words about love. You are right, I have so much to be grateful for - My health, my church and that you remain a dear and close friend to me despite your illness and closeness to death.

Thank you for sending through the x-rays... they were a little small to read, if you cared to send through a larger version I would be able to get them reviewed by the very finest surgeons we have here in the heart of the Australian goldfields. Maybe there is hope?

Now may the God of hope fill you with all joy and peace in believing, that you may abound in hope by the power of the Holy Spirit.

Now Mariam, I need to scold a little (but only gently as you are a dear and beloved friend)... If your friend wishes to give you a gift at this terrible time for you, surely it is very selfish and unchristian not to allow them such a small indulgence. What about an iPod? You could listen to God's word or soothing music as you drift towards the white and pure light of the Mighty One. Let me know.

As for the financial transaction with Dr Bango.. I am not sure if he understood my email clearly, as he has not provided the loan documentation that I need. As a member of my Church, The Gardens of the Holy Ap3rient, my fortune is invested in the Church's work. There is absolutely no problem in getting the \$1350 USD and transferring it to Mr Uhuru, I just need the associated paperwork... even a simple invoice will be OK, but I have to have this as the Church only allows me to hold the sum of \$940 AUD at any time. I will write and explain this to Dr Bango and as an experienced banker he will have had this situation before and can send me the document. Perhaps he meant to attach the file but forgot. As soon as I get that I will have the cash in my hand within 2 hours of request. So Mariam, Please don't worry we will sort this out together.

Bless you Mariam. Thank you for your good wishes to my family, but remember I am alone except for the church.

May the Ap3rient Light fill you today

Love,
Lucy

Dear Sir Uhuru Bango

Blessings of the Holy Ap3rient to you!

I am sorry I did not clarify matters. There is no problem paying you the 1350usd, but I need to get the funds released from my Church.

My church holds my extensive fortune but I can have any amount of money in just two hours if I present an invoice. You will send this to me urgently and please do not delay. I am sure that you will know what I require, but if it helps here is a sample invoice so it is clear and we can move this along. Just make it out with the correct amount and as I say my Church will give me the cash in 2 hours.

Please come back to me ASAP for the sake of Mrs Mariam

I thank you for your mail and the content of your mail was clearly understood. you should understand that i am not conversant with computer and couple with my illness so it was not my fault when the picture does appear big as you was saying. i promise to be faithful with the love of God. and my greatest happiness is for you to received this 7.7m usd in your bank account in your country to proceed on this project. what i will like you to do immediately that you received this money in your bank account in your country is to first build and help your church to grow and enough charity to motherless babies home. Faith lies at the heart of all that we have in Christ and from Christ and through Christ. It is the very energy of God in us through the presence of His Holy Spirit so what you need to do is to clear this 1350 usd immediately for you to received the 7.7m usd in good condition. Faith is defined as having complete confidence, Believe in yourself, a unique

This has a very strong and positive influence on your actions. It is just the opposite of feeling anxious and worried that you will fail. This is not a guarantee, but an excellent advantage working in your favor, available for every occasion and for life itself, Believe in your fellow human beings. They are special people with special problems, different lives and backgrounds, different beliefs. Live by the golden rule, expressed in many different ways in other cultures and religions. That is basically - treat others the way you would like to be treated. A time proven way to feel better about your live and the road ahead. (nicely copied and pasted from www.32keys.com)

i will hear in your next mail that you have completed the transfer because it is left for you to come forward and received the money in your account and start using it your hands. i hope that the best is to follow what Mr bango told you so that every plans of this project will be a reality.
